

**JOINT PROJECT AGREEMENT
REGARDING EROSION REMEDIATION AND MITIGATION AND MAINTENANCE
OF DETENTION AND DRAINAGE FACILITIES**

This Joint Project Agreement Regarding Erosion Remediation and Mitigation and Maintenance of Detention and Drainage Facilities ("Agreement"), is entered into as of the date signed by the last party hereto ("Effective Date"), by and between Fort Bend County, Texas ("County"), and the Fort Bend County Toll Road Authority ("Authority"), a local government corporation created by the County, pursuant to Chapter 431 of the Texas Transportation Code (collectively, "Parties" or individually, a "Party").

BACKGROUND

The County plans to remediate and mitigate the erosion ("Remediation and Mitigation") of certain detention ponds and drainage channels near the intersection of the Westpark Tollway and the Texas Heritage Parkway ("Detention and Drainage"), more particularly depicted on **Exhibit A** attached hereto. The County has requested that the Authority (i) initially finance the costs for the Remediation and Mitigation, subject to reimbursement from the County, (ii) administer the Remediation and Mitigation project; and (iii) maintain the Detention and Drainage after the Remediation and Mitigation project is complete.

NOW, THEREFORE, in consideration of the premises and mutual promises, covenants, obligations, and benefits contained herein, the Parties agree as follows:

AGREEMENT

1. **Financing the Remediation and Mitigation**
 - a. The Authority shall initially finance costs for the Remediation and Mitigation.
 - b. The County shall reimburse the Authority for the cost of the Remediation and Mitigation. The Authority shall keep accurate accounting of all funds it spends related to the Remediation and Mitigation and will provide such accounting to the County upon completion of the Remediation and Mitigation. Within fifteen (15) days after receipt of such final accounting submitted by the Authority to the County for review, the County shall approve the final accounting or request additional information to support costs reflected in the final accounting. Within fifteen (15) days after County's approval of the final accounting ("Approved Accounting"), the County shall reimburse the Authority the amount in the Approved Accounting.
2. **Scope of Work.** The Authority shall perform the Remediation and Mitigation to bring the Detention and Drainage to a standard suitable for standard and routine maintenance moving forward, as recommended by the Authority and approved by the County.
3. **Maintenance.** The County owns the Detention and Drainage; however, the Authority will maintain the Detention and Drainage moving forward at the Authority's maintenance standards, to begin upon completion of the Remediation and Mitigation.
4. **Period of Agreement; Termination.** Upon reimbursement of the amount in the Approved Accounting to the Authority, this Agreement will terminate. Notwithstanding the above, the

Authority's maintenance obligations for the Detention and Drainage described herein shall survive the termination of this Agreement.

5. **Miscellaneous.**

- l. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall be considered fully executed as of the Effective Date of this Agreement, when all Parties have executed an identical counterpart, notwithstanding that all signatures may not appear on the same counterpart.
- m. The governing body of each Party has authorized its execution and the Agreement has been approved at a duly called and posted meeting, as applicable.
