02/15/2023

To: Commissioner Grady Prestage and other interested parties,

The security needs of Judge Michael Cody Moore (JP 2-2) include the installation of surveillance cameras in and around the Needville annex, including the courtroom. To facilitate the installation, it will be necessary for the Justice of the Peace 2-2 to access the Court Security funds. The purpose of this correspondence is to convey my full support for Judge Moore and Commissioner Prestage as they access the necessary funds to complete this security camera installation.

Cordially,

*Roderick Clay Garner Sr.*

Roderick Clay Garner Sr.  
Justice of the Peace Pct. 2-1  
Fort Bend County

FORT BEND COUNTY PRECINCT 2 PLACE 2 - JUSTICE OF THE PEACE  
3114 ROSENBERG ST  
NEEDVILLE, TX 77461-8167

**Quote Name: FBC - Needville JP Pct. 2 - 3 Additional Cameras**

**Customer Theory of Operation:**

**WORK BY SECURITAS**

Install 3 additional exterior cameras to the existing Pelco camera network.

Equipment and Location per diagram, new cameras shown in red

- 3 - Pelco outdoor, wall mount, 2MP, Sarix Pro 3 dome
- 3 - VXP 3-yr camera licenses
- 3 - Yellow cat 6 patch cables
- 3 - Yellow cat 6 network cables from cameras to existing Extreme switch in IT Room
- 1 - Installation and programming labor

**WORK BY FBC**

1. Provide network connectivity to main Pelco server
2. Provide 3 open ports on existing network switch
3. Provide escort for Stanley techs and access to camera locations, NVR and switch

**INSTALLATION NOTES:**

Per camera storage calculation, the existing 4TB hard drive Pelco NVR will support 10 - 3MP cameras with 40% motion, at 7fps for 30 days.

The NVR currently has 7 existing 2MPs cameras installed and we are adding 3 more 2MP cameras for a total of 10.

The storage calculations state that 2TB is all that is needed for 10 - 3MP cameras, so there is still 2TB additional unused storage space.

Solution: Video
