**COST ESTIMATE FOR  
CONSTRUCTION MATERIALS TESTING  
BASEBALL FIELDS UPGRADE  
SOUTH POST OAK SPORTSPLEX – PHASE II  
5675 HOBBY ROAD, HOUSTON, TEXAS**

Madam:

Submitted herein is our proposal for observation and testing of construction materials (CMT) at the above referenced project. This proposal is based on the project Standard and specifications provided to Austin-Reed Engineers, LLC.

The proposal consists of upgrading the existing sports facilities. These upgrades include construction of two pre-engineered steel buildings (plan dimensions of 61 feet by 110 feet and 91 feet by 111 feet), baseball field reconstruction and various concrete walkways.

We anticipate observation of existing subgrade proof rolling, testing of structural fill use for leveling grade, and earth backfill for all open trench, and in place of cement stabilized sand bedding along utility lines. Sampling and testing of fresh concrete in placement on drilled pier footings, grade beams, slab on grade, and miscellaneous masonry concrete. Also, for structural steel inspection such as welding and bolt connections.

Based on the anticipated schedule and quoted fees, a budget of **\$83,950.00** is recommended for our services. The proposal is based on the services requested and the contractor's schedule. Changes in the scope of work may affect our budget.

We appreciate the opportunity to present this proposal and look forward to working with you on the project. Formal acceptance of this proposal may be indicated by signing and returning one copy for our files. If any questions arise, do not hesitate to call.

Sincerely,
