Letter of Understanding

LJA/Fort Bend County

Dear Mr. Staigle:

Below is the understanding LJA and Sienna Plantation Municipal Utility District No. 4 (The District) have regarding the sequences relating to bond cancelation inspections for sections beyond the standard one year maintenance period within the Sienna Development. This includes sections that did not obtain a Construction Completion Letter. This process will apply to the following sections:

- Sienna Village of Destrehan Section 1 – Excluding Sienna Parkway
- Sienna Village of Destrehan Section 2 – Excluding Sienna Parkway
- Sienna Village of Destrehan Section 3
- Sienna Village of Destrehan Section 4
- Sienna Village of Destrehan Section 5
- Sienna Village of Destrehan Section 8
- Sienna Village of Destrehan Section 9

Once all punch list repairs have been completed and verified by LJA and Developer field representation. The punch list inspection will include all items on the inspection letters previously dated in addition to the following required documentation:

- Cores on lifted and cracked pavement that wasn't removed
- Cores on pavement where injectable sealing methods were used
- Cores and breaks on any pavement that was removed and replaced
- Contractor warranty letter on any pavement that was removed and replaced

Upon inspection of the section, if the county agrees that all punch list items have been addressed, written confirmation of acceptance via email will be sent to LJA. Once written confirmation from the county is received by LJA, the contractor will provide maintenance bond equal to 100% of the replacement cost of the areas shown in the exhibits for each section and a letter will be provided by The District acknowledging the following:

Mr. Staigle
February 8, 2021
Page 2

- 1 year warranty will be required on:
 - Pavement areas that were removed and replaced
 - Bird baths where grinding was used per detail
- 2 year warranty will be required on:
 - Pavement areas where injectable sealant was used
 - Pavement areas that were lifted and cracked and sealed instead of removed

Once the updated bonds are received by Fort Bend County with an exhibit showing the warrantied areas, Fort Bend County Engineering will place the bond acceptance on the next available Commissioners Court agenda. The release of the original subdivision bond will be placed on the same agenda.

Please call me at 713.953.5230 if you have any questions regarding this letter.

Sincerely,

A handwritten signature in blue ink that reads "Amanda Carriage". The signature is fluid and cursive, with the first name "Amanda" being more prominent than the last name "Carriage".

Amanda Carriage, PE
Vice President
