Contractor will provide evidence of insurance as required under this Contract, including a schedule of coverage or underwriter's schedules establishing to the satisfaction of the System Agency the nature and extent of coverage granted by each such policy, upon request by the System Agency. In the event that any policy is determined by the System Agency to be deficient to comply with the terms of this Contract, Contractor may, in its sole discretion, secure such additional policies or coverage as the System Agency may reasonably request or that are required by law or regulation, or either Party may terminate the Agreement. Generally, organizations or entities which receive federal funds by way of grants, contracts, or cooperative agreements do not lose their rights as organizations to use their own, private, non-federal resources for "political" activities because of or as a consequence of receiving such federal funds. These recipient organizations must thus use private or other non-federal money, receipts, contributions, or dues for their political activities, and may not charge off to or be reimbursed from federal contracts or grants for the costs of such activities.

PUBLIC HEALTH VOLUNTEER RECRUITING AGREEMENT FYE 2024

**Public Health Volunteer Recruiting Contract
For
Fort Bend County Health and Human Services
FYE 2024**

This Contract is executed by and between **FORT BEND COUNTY, TEXAS**, hereinafter referred to as "County," acting by and through its Commissioners' Court and HOMELAND PREPAREDNESS PROJECT, hereinafter referred to as "HPP", authorized to conduct business in the State of Texas.

Term:

This Extension will commence upon execution of all parties to this Contract and shall terminate on June 30, 2024. This Contract is subject to termination by any party, without cause, by providing thirty (30) days written notice. This contract may be renewed annually by mutual agreement of the parties in writing.

This Contract is subject to the terms described herein.

Background:

Ft. Bend County Health and Human Services is required by the State of Texas to be prepared to provide preventive medication to the entire population of the county in a 48-hour period in the case of a public health emergency. The Health and Human Services Public Health Preparedness Team (PHPT) has developed a plan to accomplish this task that requires approximately 4000 volunteers.

Volunteers are essential to achieve a successful outcome, however, recruiting of volunteers is very time consuming and labor intensive.

The volunteers can also be used for a variety of other activities including staffing testing sites, vaccination sites, offsite triage, shelters or other types of activity for which they are trained.

HPP has recruited and trained a total of 8338 Medical Reserve Corps (MRC) Volunteers. After consultation with the PHPT, we believe with this base of volunteers the focus of our efforts should now turn to improving the capability of these volunteers so that they can perform in leadership roles during a public health emergency. To that end, we will provide more in-depth training to the volunteers while continuing to recruit new members in a more limited fashion.

Operational Requirements:

When deployed, the Public Health Volunteers will report to a predetermined site, be issued identification items, and be assigned to various tasks required for the operation of one of the Points Of Dispensing or other tasks for which they have been trained. Most of these tasks require no medical background and very limited training. Homeland Preparedness Project will not be responsible for any medical training or credentialing of licensed medical volunteers. **When deployed, all volunteers will be under the direction and control of the PHPT.**

Strategy:

Homeland Preparedness Project (HPP) will promote these volunteer opportunities through an integrated strategy of awareness, outreach, and public information.
