Re: Public Road Connection for Easton Ramsey Way at FM 723 on behalf of Lamar Consolidated Independent School District- Sponsorship

Honorable Judge George:

Fort Bend County Engineering Department has received and reviewed a request (letter attached) from DIG Engineers, on behalf of Lamar Consolidated Independent School District for Fort Bend County to sponsor a project for a public road connection for Easton Ramsey Way at FM 723. The road connection will provide the primary point of access for the Lamar CISD Campus Complex Section 1.

Any and all cost involved with the project will be borne by Lamar Consolidated Independent School District. There will be no cost to Fort Bend County.

The Texas Department of Transportation requests that an agency, such as Fort Bend County, act as a sponsor for the project. This means that the permit for the work will be issued in the name of Fort Bend County and the County accepts responsibility for the terms and conditions of the permit.

We recommend acceptance of the sponsorship and request that this item be placed on the 10/24/2023 Commissioners Court agenda. We have prepared a letter to Texas Department of Transportation for the County Judges' signature.

If there are any questions please do not hesitate to call.

Sincerely,

Maggie Dalton
Development Services Manager

Easton Ramsey Way for Lamar CISD Campus Complex Section 1
Fort Bend County, Texas
Project No - 220274

Dear Honorable George:

DIG Engineers is preparing the street tie-in permit application to submit to the Texas Department of Transportation (TxDOT) for the proposed street tie-in of Easton Ramsey at FM 723. At the tie-in turn lanes and a four-way traffic signal are proposed. Lamar Consolidated Independent School District, the developer, will fund the cost of construction. There will be no expense to Fort Bend County.

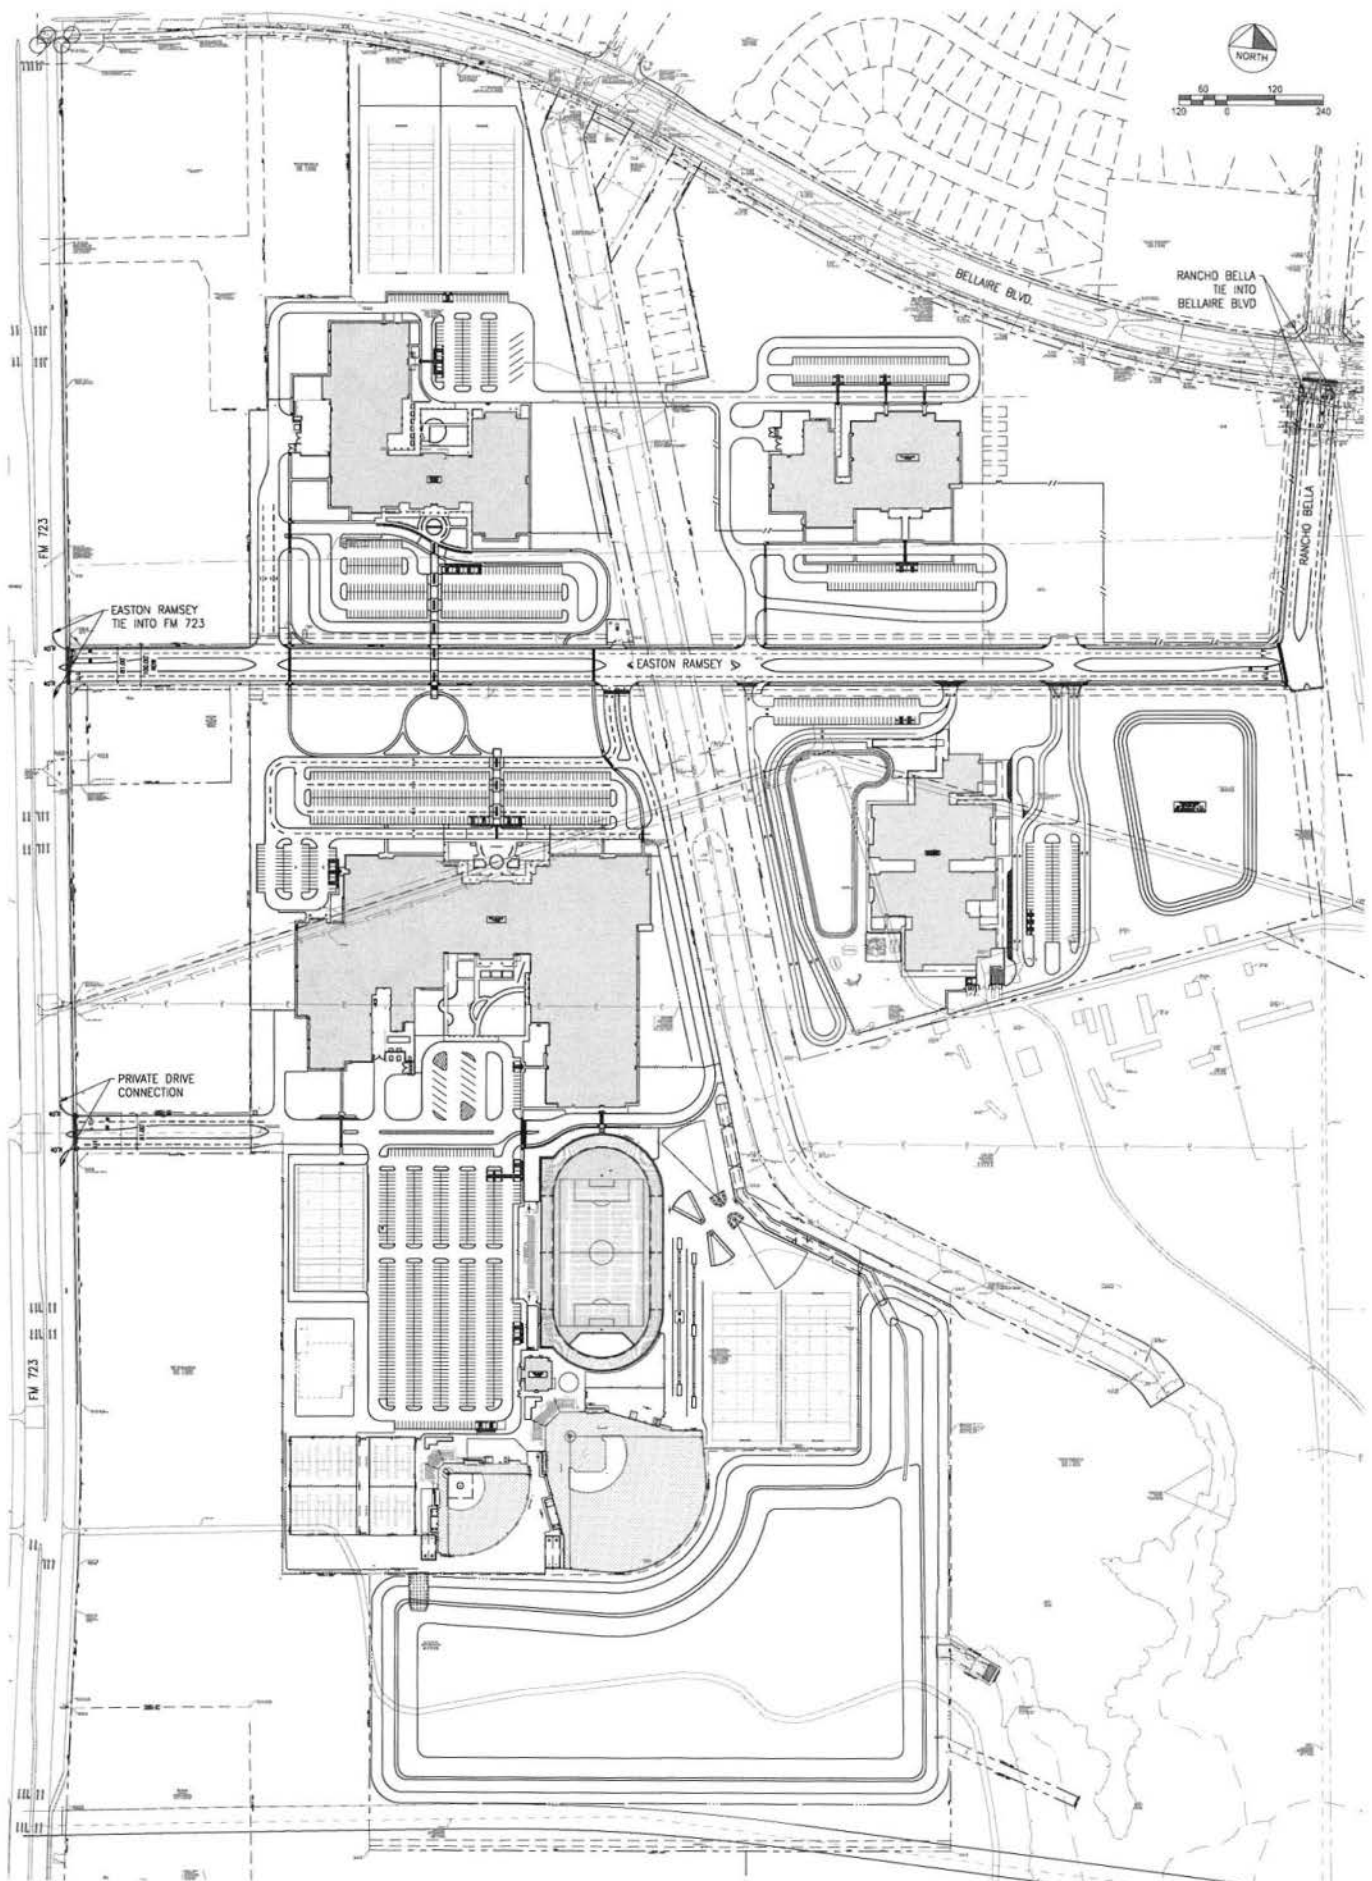

As part of the permit application process, TxDOT is requiring a sponsorship letter from Fort Bend County. I am requesting Fort Bend County's sponsorship of this project and a sponsorship letter to include with the TxDOT permit application package.
