A comparison of this delivery method to a standard County procurement process showed a savings for the County in the amount of around \$28 million, due to the interest rate and delivering the project substantially quicker. There is a demand for leasing the Epicenter, with an average of 82% leasing for year 2024.

B. Conduct workshop to receive an update on the Expose Excellence Youth Program in the District Attorney's Office; funded by the American Rescue Plan Act.

Wesley Wittig, Second Assistant District Attorney spoke about the Expose Excellence Youth Program (EEYP), an ARPA funded youth enrichment program. This outreach program provides a safe positive environment for all youth interaction and was developed due to damage done by the pandemic.

Brian Middleton, District Attorney stated the EEYP program offers youth the ability to engage with elected officials and law enforcement which will help to restore the trust in the justice system. In order to prevent crime, we must invest in our youth by providing safe environments for socializing and provide guidance.

Ed Sturdivant, County Auditor stated this presentation makes the 15th workshop since 2020 that has been presented for the public to see. Nearly \$400 million of funding from the Federal Government has come into this County. The court has taken a proactive approach to make sure these funds were invested in the community or programs that support the community.
