 §
 COUNTY OF FORT BEND §

ORDER DESIGNATING A CONTIGUOUS GEOGRAPHIC AREA WITHIN FORT BEND COUNTY AS REINVESTMENT ZONE NUMBER FOUR, FORT BEND COUNTY, TEXAS, FOR TAX INCREMENT FINANCING PURPOSES PURSUANT TO CHAPTER 311 OF THE TEXAS TAX CODE; CREATING A BOARD OF DIRECTORS FOR SUCH ZONE; CONTAINING FINDINGS AND PROVISIONS RELATED TO THE FOREGOING SUBJECT; PROVIDING A SEVERABILITY CLAUSE.

* * * * *

WHEREAS, pursuant to Chapter 311 of the Texas Tax Code, the County of Fort Bend, Texas (the "County") may designate a contiguous geographic area within the County as a reinvestment zone if the area satisfies the requirements of certain sections of Chapter 311 of the Texas Tax Code; and

WHEREAS, the County determines that the creation of a tax increment reinvestment zone is necessary to promote the development or redevelopment of the area generally located in the eastern area of the County; and

WHEREAS, the County has prepared a Preliminary Reinvestment Zone Financing Plan (the "Preliminary Plan"), which provides that certain Fort Bend County ad valorem taxes are to be deposited into the tax increment fund, and that taxes of other taxing units may be utilized in the financing of the proposed zone; and

WHEREAS, the County provided written notice of the public hearing on the creation of the proposed zone, complying with the requirements of Chapter 311, Texas Tax Code, to the governing body of all taxing units levying taxes on property in the proposed zone; and

WHEREAS, a notice of the December 5, 2023, public hearing on the creation of the proposed zone was published on November 28, 2023, in the Fort Bend County Herald and Texas Coaster, a newspaper of general circulation in the County; and

WHEREAS, at the public hearing on December 5, 2023, interested persons were allowed to speak for or against the creation of the proposed zone, its boundaries, or the concept of tax increment financing; and owners of property in the proposed zone were given a reasonable opportunity to protest the inclusion of their property in the proposed zone; and

WHEREAS, evidence was received and presented at the public hearing in favor of the creation of the proposed zone under the provisions of Chapter 311, Texas Tax Code; and

WHEREAS, no owner of real property in the proposed zone protested the inclusion of their property in the proposed zone; and

WHEREAS, the County has provided all information, and made all presentations, given all notices and done all other things required by Chapter 311, Texas Tax Code, or other law as a condition to the creation of the proposed zone; and

WHEREAS, the total appraised value of taxable real property in the proposed zone as of January 1, 2023, is approximately \$1,350,268,725; and

WHEREAS, as of the date of this Order, Fort Bend County has designated one prior tax increment reinvestment zone, which is currently in operation;

WHEREAS, the County hereby determines that the Preliminary Plan must be prepared as required by law for the proposed zone, with the Preliminary Project Plan and Finance Plan being included as Exhibit One, attached to and incorporated in this Order for all purposes; and

WHEREAS, the total area within the proposed zone is approximately 9,055.07 acres.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMISSIONERS COURT OF THE COUNTY OF FORT BEND, TEXAS:

Section 1. Findings.

(a) That the facts and recitations contained in the preamble of this Order are hereby found and declared to be true and correct and are adopted as part of this Order for all purposes.

(b) That the County Commissioners' Court further finds and declares that the proposed improvements in the proposed zone will significantly enhance the value of all the taxable real property in the proposed zone and will be of general benefit to the County.

(c) That the County Commissioners' Court further finds and declares that the proposed zone is unproductive, underdeveloped and blighted and meets the criteria and requirements of Section 311.005 of the Texas Tax Code because the proposed zone contains substantial areas that are predominantly open and underdeveloped, and lack public water distribution, wastewater collection and storm drainage facilities, which conditions substantially impair and arrest the sound growth of the County, such findings are documented Exhibit One, "Existing Conditions & Feasibility" Section.

(d) That the County Commissioners' Court, pursuant to the requirements of Chapter 311, Texas Tax Code, further finds and declares:

- (1) That the proposed zone is a contiguous geographic area located wholly within Fort Bend County; and
- (2) That the development or redevelopment of the property in the proposed zone will not occur solely through private investment in the reasonably foreseeable future.

Section 2. Designation of the Zone

That the County, acting under the provisions of Chapter 311, Texas Tax Code, including Section 311.005(a), does hereby designate as a reinvestment zone, and create and designate a reinvestment zone over, the area described in Exhibit Two and depicted in the map attached hereto as Exhibit Three to promote the redevelopment of the area. The reinvestment zone shall hereafter be named for identification as Reinvestment Zone Number Four Fort Bend County, Texas, (the "Zone"). The County Commissioners' Court specifically declares that the Zone is designated pursuant to Section 311.005(a) (1) and (2) of the Texas Tax Code.

Section 3. Board of Directors

That there is hereby created a Board of Directors for the Zone, which shall consist of five (5) members. Commissioners Court is hereby authorized to nominate and appoint, subject to County Commissioners' Court approval, the directors to Positions One through Five of the Board of Directors.

The directors appointed to odd-numbered positions shall be appointed for two-year terms, beginning on the effective date of this Order, while the directors appointed to even-numbered positions shall be appointed to a one -year term, beginning on the effective date of this positions. All subsequent appointments shall be for two-year terms. The County Commissioners' Court authorizes the Board of Directors to elect from its members a vice-chairman and such other officers as the Board of Directors sees fit.

The Board of Directors shall make recommendations to the County Commissioners' Court concerning the administration of the Zone. The Board of Directors shall prepare or cause to be prepared and adopt a project plan and a reinvestment zone financing plan for the Zone as described in Section 311.011, Texas Tax Code, and shall submit such plans to the County Commissioners' Court for its approval. The County hereby delegates to the Board of Directors all powers necessary to prepare and implement the project plan and reinvestment zone financing plan, subject to approval by the County Commissioners' Court, including the power to employ any consultants, to enter into any agreements related to the allocation of Zone revenues, or enter into any reimbursement agreements payable solely from the Tax Increment Fund established pursuant to Section 6 of this Order , that may be reasonably necessary or convenient to assist the Board of Directors in the preparation of the project plan and reinvestment zone financing plan and in the issuance of tax increment obligations. Notwithstanding the foregoing, the County reserves the right to rescind, alter or amend such delegation of authority to the Board

of Directors as it deems necessary or advisable from time to time by giving the Board written notice.

Section 4. Duration of the Zone

That the Zone shall take effect immediately upon passage of this Order , provided however, that the deposit of tax increments into the Tax Increment Fund established pursuant to Section 6 of this Order shall not commence until January 1, 2024 and termination of the operation of the Zone shall occur on January 1, 2053, or at an earlier time designated by subsequent Order , or at such time that all project costs, notes, and other obligations of the Zone, and the interest thereon, have been paid in full. The County and the Zone shall use their best efforts to provide for the payment of all project costs, in order to minimize the life of the Zone. Upon termination of the Zone, any residual funds within the Tax Increment Fund will be returned to the participating jurisdictions on a pro rata basis according to their levels of participation.

Section 5. Tax Increment Base

That the Tax Increment Base of the County or any other taxing unit participating in the Zone for the Zone is the total appraised value of all real property taxable by the County or other taxing unit participating in the Zone and located in the Zone, determined as of January 1, 2023, the year in which the Zone was designated as a reinvestment zone (the "Tax Increment Base").

Section 6. Tax Increment Fund

That there is hereby created and established a Tax Increment Fund for the Zone which may be divided into subaccounts as authorized by subsequent Order. All Tax Increments, as defined below, shall be deposited in the Tax Increment Fund. The Tax Increment Fund and any subaccount shall be maintained at the depository bank of the County and shall be secured in the manner prescribed by law for funds of Texas cities. The annual Tax Increment shall equal the property taxes levied by the County and any other taxing unit participating in the Zone for that year on the captured appraised value, as defined by Chapter 311 of the Texas Tax Code, of real property located in Zone that is taxable by the County or any other taxing unit participating in the Zone and less any amounts that are to be allocated from the Tax Increment pursuant to Chapter 311 of the Texas Tax Code. All revenues from the sale of property acquired as part of the project plan and reinvestment zone financing plan, if any; and other revenues to be used in the Zone shall be deposited into the Tax Increment Fund. Prior to the termination of the Zone, money shall be disbursed from the Tax Increment Fund only to pay project costs, as defined by the Texas Tax Code, for the Zone to pay obligations incurred pursuant to agreements entered into to implement the project plan and reinvestment zone financing plan and achieve their purpose pursuant to Section 311.010(b) of the Texas Tax Code.

The Tax Increment Fund for the Zone shall consist of 65% of the County's portion of the tax increment from the Zone, as defined by Section 311.012(a) of the Code:

Section 7. Severability

If any provision, section, subsection, sentence, clause or phrase of this Order , or the application of same to any person to set circumstances, is for any reason held to be unconstitutional, void or invalid, the validity of the remaining provisions of this Order or their application to other persons or set of circumstances shall not be affected thereby, it being the intent of the County Commissioners' Court in adopting this Order that no portion hereof or regulations connected herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any portion hereof, and all provisions of this Order are declared severable for that purpose.

Should the County, by change in law or through a successful challenge of its legal authority to institute and implement the Zone, be prohibited from proceeding with the Zone, the Zone shall automatically terminate.

Section 8. Open Meetings

It is hereby found, determined and declared that a sufficient written notice of the date, hour, place and subject of the meeting of the County Commissioners' Court at which this Order was adopted was posted at a place convenient and readily accessible at all times to the general public at the County Commissioners' Court of the County for the Time required by law preceding its meeting, as required by the Open Meetings Law, Texas Government Code, ch. 551, and that this meeting has been open to the public as required by law at all times during which this Order and the subject matter hereof has been discussed, considered and formally acted upon. The County Commissioners' Court further ratifies, approves, and confirms such written notice and the contents and posting thereof.

Section 9. Notices

The contents of the notice of the public hearing, which hearing was held before the County Commissioners' Court on December 5, 2023, and the publication of said notice, are hereby ratified, and confirmed.

TIRZ CONCEPT

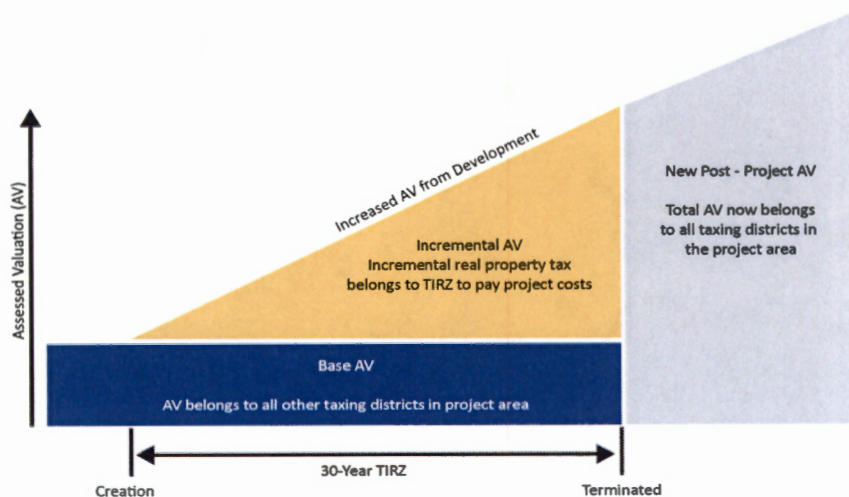

A tax increment reinvestment zone ("TIRZ" or "Zone") is a financing tool enabled by the Texas Legislature with the adoption of Chapter 311 of the Texas Tax Code. A TIRZ is a tool that can be used to pay for public improvements to encourage development and/or redevelopment of an area and attract private investment.

Cities and Counties may create a TIRZ where conditions exist that substantially impair an area's sound growth and where development or redevelopment is not likely to occur but for public infrastructure enhancements financed by a TIRZ.

Upon creation of the Zone, the total appraised value of real property located within its boundaries is established for the year in which it was created. This is known as the base value. As development occurs in the Zone due to the provision of new infrastructure, the value of real property increases.

This additional value above the base is known as the increment. It is set aside to finance infrastructure improvements within the Zone. Once all projects are completed, or after a defined period of time, the TIRZ is dissolved.

During the life of the Zone, the county and other participating taxing jurisdictions collect tax revenue on the base value of the Zone. When the Zone is dissolved, the county and other participating taxing jurisdictions receive the benefit of the full increment value created by new development.

INTRODUCTION

PURPOSE

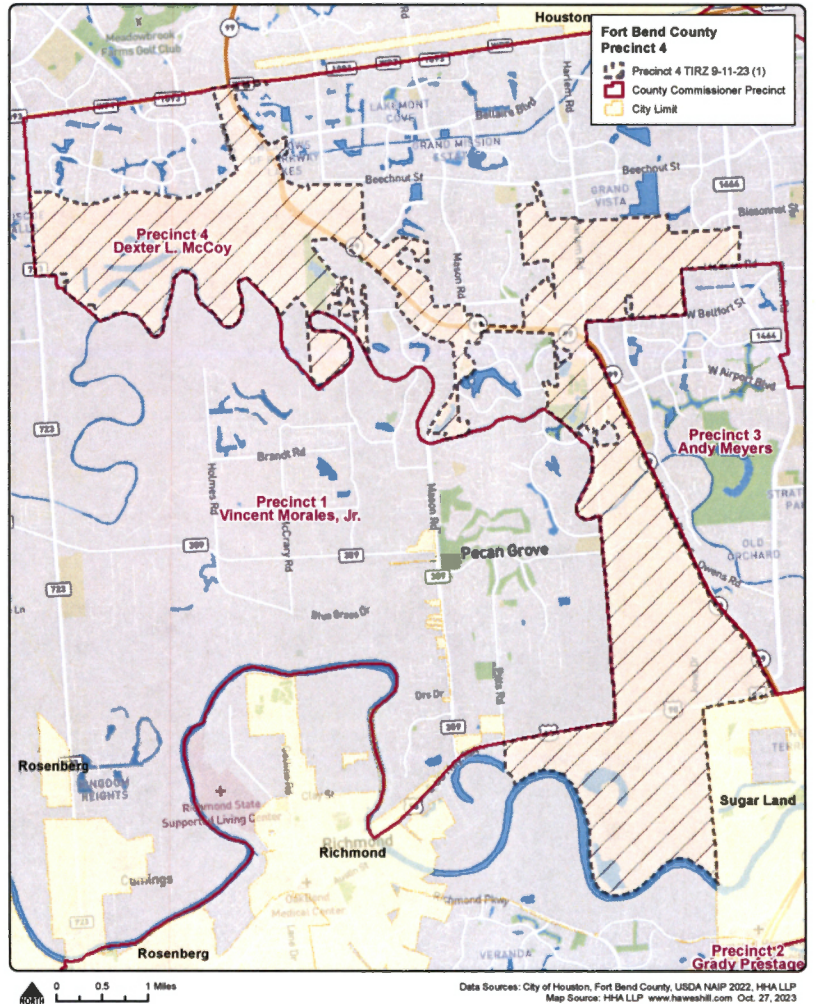

This document constitutes the Preliminary Project Plan and Reinvestment Zone Finance Plan for Tax Increment Reinvestment Zone Number Four Fort Bend County, Texas as required by Chapter 311, Texas Tax Code. This document details the specific projects proposed to address existing conditions in the area as well as the method and means to finance them.

The purpose of the tax increment reinvestment zone is to finance construction of public facilities and infrastructure necessary to catalyze residential and commercial development and redevelopment, thereby increasing property values and revenues within the Zone boundaries. Expenditures associated with the design and construction of public facilities and infrastructure, as well as other specific project related costs, will be funded by tax increment revenues derived from increases in property values following new development/redevelopment. Zone activities may include, but are not limited to, public infrastructure improvements including water, sewer and drainage, stormwater detention, mobility improvements, land acquisition, creation of public spaces and facilities, streetscape/corridor improvements, trails and pedestrian amenities, and support for initiatives and projects that further the economic goals and priorities of the county.

The Zone boundary primarily includes undeveloped properties within the unincorporated area of Fort Bend County Precinct 4. The intent of the Zone is to catalyze residential and commercial development in an area that currently lacks the necessary utilities, infrastructure and facilities to support development and future growth.

LOCATION

The proposed Zone is anchored by the Grand Parkway and is generally bounded by the Westpark Tollway to the north, the Brazos River and US 90 to the south, the Grand Parkway and FM 1464 to the east, and FM 723 to the west. The majority of the property is located within Houston's extraterritorial jurisdiction ("ETJ"), with the undeveloped acreage surrounding US 90 on the southern boundary of the Zone falling within the Richmond ETJ.

GOALS

The following goals outline priorities and projects for the Zone and are based on needs identified in the Feasibility Report and other Fort Bend County plans and studies. The intent of the goals is to identify public projects that would support the county's vision for the area, catalyze desired private investment, and otherwise further economic development objectives.

INFRASTRUCTURE AND DRAINAGE

Provide adequate infrastructure including public water and sanitary sewer service, as well as flood risk reduction enhancements necessary to enhance public health and spur local reinvestment.

The Zone is largely undeveloped with limited access to public water, wastewater, utilities and other critical infrastructure. Proximity to Brazos Bayou places much of the southern portion of the project, particularly those properties south of Oyster Creek, within the 100-year floodplain, further impeding private investment. The area will see pressure for regional growth; however, development patterns are unclear without appropriate infrastructure in place. The Zone can assist with improvements to ensure that development occurs in a manner that is in the long-term interest of potential residents and commercial owners. The reinvestment zone can facilitate proper growth by funding public infrastructure and/or developer reimbursement agreements or incentives. Infrastructure improvements include public water, wastewater, stormwater drainage, regional flood risk reduction through detention and conveyance channel enhancements, property acquisition, and site preparation.

MOBILITY AND CONNECTIVITY

Enhance the ability to travel in a safe, efficient, and appealing manner using one of several mode choices needed to meet both need and market demand.

The Zone is largely located along major roadways in areas that have not seen the same growth as surrounding areas of Fort Bend and nearby Harris County. As the area develops to higher intensity uses, mobility options to travel through the area will be important to support new development, including new or expanded roadways and pedestrian and/or bike facilities. Strengthening the vitality of existing corridors and adjacent areas for commercial use such as in the vicinity of the Grand Parkway, US 90 and the Westpark Tollway will enhance the economic marketability of the area, whether this is through capacity expansion, safety and intersection improvements, or streetscape/median enhancements. TIRZ improvements may include roadway improvements, bridge crossings, enhanced intersections, access management, sidewalks, bike improvements, crosswalks, parking, safety improvements, landscaping, pedestrian amenities, lighting, signage/wayfinding, gateway treatments, and public art.

GOALS

PARKS AND PUBLIC FACILITIES

Expand the system of recreation opportunities and public facilities necessary to improve local quality of life and public health, welfare, and safety.

As expected in an area with limited development, the Zone currently lacks many of the facilities and amenities that add value and fuel investment including places for recreation, natural areas, play areas, trails, activity centers, cultural facilities and essential services such as law enforcement, fire protection and education. These amenities play a critical role in the ability to attract and expand investment. The TIRZ can provide for these amenities, enhancing the area's economic development potential through improvement to existing spaces/facilities, land acquisition, development of amenities or facilities as capital improvements, or through agreement with public or private agents. Improvements include parks, trails, open spaces/natural areas, plazas, playgrounds, workforce housing, activity centers, community centers, libraries, cultural centers, fire and/or police stations, and other public facilities.

ECONOMIC DEVELOPMENT

Incentivize projects that promote development in the area of the Zone and enhance economic development opportunities consistent with the county's goals and priorities.

In order to stimulate and accelerate redevelopment within its boundaries, the TIRZ desires to establish an economic development program that would directly incentivize private enterprises that affect the TIRZ and serve as a catalyst for other business developments. Examples of how the program would be used include funding for business development and retention, business loss mitigation, economic development grants to catalyze investments, such as Agreements under Chapter 381 of the Texas Local Government Code, and matching grants to provide leverage for other economic development funds. In cases such as those described in this section, an appropriate economic development program would be proposed by the county and/or the TIRZ and approved by both the TIRZ and Fort Bend County Commissioners Court. Payments made pursuant to this program shall be pursuant to economic development agreements entered into on behalf of the Zone and are considered Project Costs. No grant or loan shall be authorized by the Zone without prior consent of the county.

AUTHORIZED PROJECT COSTS

The estimated project costs for the Preliminary Project Plan and Finance Plan are detailed in Table 1. Projects include infrastructure improvements, including detention/drainage, water and sewer, mobility improvements, workforce housing, parks, recreation and public facilities, and economic development. The project categories reflect the types of projects supported by the TIRZ; however, actual projects that will be undertaken by the TIRZ will be based on factors including community development priorities, the ability to leverage funds, and available increment. The dollar amounts for each category are approximate and may be amended from time to time by the Board of Directors of the Zone with approval of the county.

Non-project costs are those infrastructure costs that will not be funded or reimbursed by the TIRZ, but will be funded by other parties, such as Fort Bend County, the Texas Department of Transportation, non-profit organizations, or private sources, including developers. Funding identified in Table 1 will be leveraged with other sources to secure Non-Project funding when appropriate and available.

TABLE 1: ESTIMATED PROJECT COSTS

Infrastructure & Drainage	\$50,000,000.00
Mobility & Connectivity	\$50,000,000.00
Parks and Public Facilities	\$30,000,000.00
Economic Development	\$15,000,000.00
Administration Costs	\$3,000,000.00
Total Project Costs	\$148,000,000.00

PROJECT PLAN

This document constitutes the Preliminary Project Plan for Tax Increment Reinvestment Zone Number Four, Fort Bend County, as required by Chapter 311 of the Texas Tax Code. The purpose of the Zone is to finance improvements that support new development and redevelopment of properties within the Zone.

	Existing and Proposed Uses of Land	Texas Tax Code - 311.011 (B)(1)
	Proposed Changes of Zoning Ordinances, Master Plan of Municipality, Building Codes, and Other Municipal Ordinances and Subdivision Rules and Regulations, if any, of the County	Texas Tax Code - 311.011 (B)(2)
	Estimated Non-Project Costs	Texas Tax Code - 311.011 (B)(3)
	Method of Relocating Persons to be Displaced, if Any, as a Result of Implementing the Plan	Texas Tax Code - 311.011 (B)(4)

PROJECT PLAN

EXISTING AND PROPOSED USES OF LAND

(TEXAS TAX CODE- 311.011(B)(1))

Existing Land Use - Current land uses within the Zone consist primarily of undeveloped uses, 72%, as shown in Exhibit A - Map 3 (page A-4). Other uses include commercial, residential, utility, and industrial uses. In terms of taxable value, commercial comprises the largest value, 67%, followed by residential, 27%. Given the uses in the Zone, the taxable value in the majority of the proposed Zone boundary is relatively low.

Surrounding Land Use - Land surrounding the Zone primarily consists of single family residential; also present is commercial and multifamily residential.

Proposed Uses - Proposed uses in the Zone will include enhanced residential, commercial/retail, industrial and public uses, with decreasing undeveloped land over time.

PROPOSED CHANGES OF ZONING ORDINANCES, MASTER PLAN OF MUNICIPALITY, BUILDING CODES, AND OTHER MUNICIPAL ORDINANCES

(TEXAS TAX CODE - 311.011(B)(2))

All construction will be performed in conformance with Fort Bend County's existing rules and regulations. There are no proposed changes to any ordinance, master plan, or building code.

ESTIMATED NON-PROJECT COSTS

(TEXAS TAX CODE - 311.011(B)(3))

Non-Project costs are those infrastructure costs that will not be funded or reimbursed by the TIRZ but will be funded by other parties. Funding identified in Table 1 (page 8) will be leveraged with other sources to secure non-project funding when appropriate and available.

METHOD OF RELOCATING PERSONS TO BE DISPLACED, IF ANY, AS A RESULT OF IMPLEMENTING THE PLAN

(TEXAS TAX CODE - 311.011(B)(4))

It is not anticipated that any residents will be displaced or relocated as a result of this Plan.

REINVESTMENT ZONE FINANCE PLAN

This document constitutes the Preliminary Finance Plan for Tax Increment Reinvestment Zone Number Four, Fort Bend County as required by Chapter 311 of the Texas Tax Code. The purpose of the Zone is to finance public improvements to support redevelopment efforts and encourage new development in the Zone. Improvements include but are not limited to roadways, infrastructure improvements including water, sewer and drainage, pedestrian amenities, trails, streetscape enhancements, and parks and open space improvements.

Funding of projects will occur through available tax increment funds, leveraged with local, state and federal dollars and/or through reimbursement of eligible project costs advanced by private entities/developers.

ESTIMATED PROJECT COSTS

(TEXAS TAX CODE - 311.011(C)(1))

Table 1 (page 8) details proposed public improvements to be funded utilizing resources from the Zone. As set forth in the Plan, the dollar amounts are approximate and may be amended from time to time by the Board, with the approval by the county. Any financing costs are a function of project financing needs and will vary with market conditions. Proposed public projects would be located throughout the Zone and within public spaces and rights-of-way as shown on Map 1 (page A-2).

PROPOSED KIND, NUMBER, AND LOCATION OF ALL PROPOSED PUBLIC WORKS OR PUBLIC IMPROVEMENTS TO BE FINANCED BY THE ZONE

(TEXAS TAX CODE - 311.011(C)(2))

These details are described throughout the Plan, and include roadway, mobility, drainage, water, sewer, and other infrastructure improvements; streetscape, pedestrian amenities and safety improvements; workforce housing; trails, bikeways and parks, and recreation facilities; and community and public facilities. The number and location of proposed improvements are contained in Table 1 (page 8) and will be located within the boundary shown on Map 1 (page A-2).

ECONOMIC FEASIBILITY STUDY

(TEXAS TAX CODE - 311.011(C)(3))

An economic feasibility study was completed by Hawes Hill & Associates in August 2023. The study provided an overview of existing conditions within the Zone and evaluated the feasibility of using a tool like tax increment financing to spur new development and investment in the area.

The study found that public improvements funded/implemented by the county and other partners would stimulate development within the Zone, and allow development to occur at an earlier timing through leveraging of resources and advance funding by developers. Provision of water and sanitary sewer infrastructure, regional drainage solutions, as well as mobility improvements would support the viability and quality of new development.

Infrastructure improvements supported by the TIRZ as well as by other agencies including the county and State, along with private investment, will enhance the area within the Zone and increase property values. Values are expected to grow from \$1.4 billion in 2023 to nearly \$5.1 billion by the year 2053. Increase in values and investment will also result in increased sales tax and job growth within the community.

The planned infrastructure improvements depicted in Table 1 (page 8) will contribute significantly to the area's ability to attract new development to the area.

Exhibit B constitutes incremental revenue estimates for this Plan. The future anticipated revenues of the Zone are sufficient to fund the public improvements contemplated by this Plan. Development within the proposed Zone boundaries would not be feasible within the foreseeable future without the assistance of a tool like the TIRZ. Fort Bend County determines that this Plan is economically feasible.

REINVESTMENT ZONE FINANCE PLAN

ESTIMATED AMOUNT OF BOND INDEBTEDNESS; ESTIMATED TIME WHEN RELATED COSTS OR MONETARY OBLIGATIONS INCURRED

(TEXAS TAX CODE - 311.011(C)(4), - 311.011(C)(5)):

Issuance of notes and bonds by the Zone may occur as tax increment revenues allow. The value and timing of the issuance of notes or bonds will correlate to debt capacity as derived from the projects and revenue schedules included in Table 1 (page 8) and Exhibit B, as well as actual market conditions for the issue and sale of such notes and bonds.

The time when related costs or monetary obligations are to be incurred is a function of the availability of TIRZ revenues, as shown in Exhibit B.

METHODS AND SOURCES OF FINANCING PROJECT COSTS AND PERCENTAGE OF INCREMENT FROM TAXING UNITS ANTICIPATED TO CONTRIBUTE TAX INCREMENT TO THE ZONE

(TEXAS TAX CODE - 311.011(C)(6)):

Methods and sources of financing include the issuance of notes and bonds, as well as agreements with developers and other entities for grant funding and partnerships. Leveraging of funds with other entities and grants will be instrumental in realizing projects sooner, participating in larger cost projects, and in adding value to projects.

Projects will be implemented through the use of the following strategies:

- Developers could advance funds for qualified projects and be reimbursed through the TIRZ as revenues are realized through additional increment generated by the development.
- Pay-as-you-go projects are implemented on a pay-as-you-go basis, whereby projects are only implemented once enough revenues have been generated to fund design and construction of a project.
- Leveraging of resources with other entities and/or pledging the TIRZ revenue source to another taxing entity with the intent of expediting proposed projects.

Tax increment associated with this Plan will consist of contributions from the County at 65% of its tax rate.

REINVESTMENT ZONE FINANCE PLAN

CURRENT TOTAL APPRAISED VALUE OF TAXABLE REAL PROPERTY

(TEXAS TAX CODE - 311.011(C)(7))

The 2023 value of taxable real property in the Zone is estimated at \$1.4 billion

ESTIMATED CAPTURED APPRAISED VALUE OF ZONE DURING EACH YEAR OF EXISTENCE

(TEXAS TAX CODE - 311.011(C)(8))

The estimated captured appraised value of the Zone during each remaining year of its existence is contained in Exhibit B. It is estimated by 2053 that the taxable value within the Zone will increase to nearly \$5.1 billion with a captured value of \$3.7 billion.

ZONE DURATION

(TEXAS TAX CODE - 311.011(C)(9))

The Zone will terminate on December 31, 2053. Final TIRZ payments will be received in 2054. The Zone may terminate at an earlier time designated by subsequent ordinance, or at such time, subsequent to the issuance of proposed revenue bonds, notes or other obligations, if any, that all project costs, bonds, and interest on bonds have been paid in full.
