The INRIX Products may not be resold or openly posted to the public such that it would be available to private sector competitors of INRIX. INRIX shall not have any specific on-the-ground responsibilities.
6. If INRIX receives data from the Sublicensee hereunder, INRIX shall not receive any personally identifiable information in relation to the data (or the PII component would be deleted prior to transmission to INRIX).
7. Neither party nor its direct or indirect suppliers shall, under any circumstances, be liable to the other or its customers or any other third parties for consequential, incidental, special, punitive or any indirect damages (including damages for lost profits or anticipated revenues, business interruption or loss of business information) arising out of or related to the INRIX Products, or for any damages whatever arising out of or in relation to any malfunctions, data delays, loss of data or interruption of service, even if advised of the possibility of such damages, or if such possibility was reasonably foreseeable.
8. INRIX's suppliers shall not have any liability whatever in relation to the use of the INRIX Products hereunder. INRIX and its suppliers shall not be liable for any claim, loss or penalty resulting from use or delayed delivery of the INRIX Products by or to Sublicensee customers, and the Sublicensee would use all reasonable efforts to ensure such limited liability in its end user license agreements (or other applicable terms) with those customers, if any.

Under no circumstances shall INRIX's aggregate liability for all claims, acts and/or omissions arising out of related to this Agreement, regardless of whether any claim or action is based on contract, tort or otherwise, exceed the total amount paid by the Sublicensee to INRIX during the 12-month period prior to the date on which the claim arose.
10. There shall be no withholding or offsets by the Sublicensee with respect to any compensation due to INRIX, and no state income or other taxes withheld. INRIX reserves the right, at its sole discretion, to use third parties to provide data and services hereunder.
