- 4. Limit of Appropriation. Netsync clearly understands and agrees, such understanding and agreement being of the absolute essence of this Agreement, that County shall have available the total maximum sum of Seventy-Four Thousand, One Hundred Thirty-Four dollars and 80/100 (\$74,134.80), specifically allocated to fully discharge any and all liabilities County may incur. Netsync shall indemnify and defend County against all losses, liabilities, claims, causes of action, and other expenses, including reasonable attorney's fees, arising from activities of Netsync, its agents, servants or employees, performed under this agreement that result from the negligent act, error, or omission of Netsync or any of Netsync's agents, servants or employees.

All employees of Netsync shall have such knowledge and experience as will enable them to perform the duties assigned to them. Any employee of Netsync or agent of Netsync who, in the opinion of County, is incompetent or by his conduct becomes detrimental to providing Services pursuant to this Agreement shall, upon request of County, immediately be removed from association with the Services required under this Agreement.

When performing Services on–site at the County, Netsync shall comply with, and ensure that all Netsync Personnel comply with, all rules, regulations and policies of County that are

 - (C). Netsync's remote access to County Systems will only be requested and activated on as-needed basis and disabled when not in use.

- (D). Remote access is restricted only to County Systems necessary for Netsync to conduct their services and/or provide Services to County pursuant to this Agreement.

Netsync will supply County with evidence of access logs concerning remote access to County Systems upon written request from County. Such access logs will be provided to County, within three business days from the date of County's request. These requests may be used to confirm compliance with these terms and/or to investigate a security incident.
- (F). If any member(s) of Netsync's Workforce is provided with remote access to County Systems, then Netsync's Workforce will not remotely log-in to County Systems from a public internet access device (e.g., airport computer terminal, or Internet café).
