Commissioner Morales	Yes
Commissioner Prestage	Yes
Commissioner Meyers	Yes
Commissioner McCoy	Yes

Ed Sturdivant, County Auditor explained a member of the court requested this item be placed on the agenda. The actions go back to 2022 where there was significant effort incurred with international travel. This item is placed with a question to the court if the revision of the policy is necessary.

Judge George stated he asked the auditor to place this back on the agenda. Judge does not believe any taxpayer would like to pay for international travel by elected officials or employees and feels there should be a policy in place. If there are any items, especially with Economic Development, they should be discussed separately.

Commissioner McCoy urges the court to have the international travel come to court for approval as an alternative to outright prohibiting it and possibly adding more steps in qualifying the travel before coming to court.

Commissioner Prestage indicated with past experience, such as evaluating medical tourism in another country, he does not want the court to be shortsighted. Commissioner does not believe this is warranted for a policy.

Commissioner Meyers stated there should be a policy that essentially has a requirement if you travel internationally, you should go to court and make an exception to the policy. This will send the right message to the taxpayers, we are looking out for their interests. There are going to be some exceptions to this; but generally speaking, the traveler will come to court to make their case.

Commissioner Morales stated the point of the policy is to send a message to our employees we are not just going to travel internationally for just anything. There are exceptions the court would have to look into and the policy should state on a regular basis you don't travel internationally without the approval of the court.

Note: The Auditor will add to the policy International travel is prohibited without prior Commissioners Court approval.

Item 36T has been tabled.

Commissioner Meyers stated for Item 36V, the funding source could possibly be Parks Bonds. He indicated the issue is the funding source coming from property taxes. Commissioner also explained for Item 36W there is a bill pending in the legislature to strip the abilities of Counties and Cities to utilize Certificates of Obligation for funding most anything and only fund items related to a declared emergency by the Federal Government or the State.

Commissioner Prestage explained Item 36V was a project approved by the court and the funds are already in the bank for this project, the building is under construction and will be completed in September and is not a bond project.

Ed Sturdivant, County Auditor stated the better practice would be to formalize a plan as a Commissioners Court to have Facilities Bond and/or Facilities Bond Repairs and Improvements on a five-year rolling plan.

Jamie Knight, Facilities Management/Planning Director explained for Item 36T the Associate Court Room setups don't have a jury room. There are five Associate Court setups that are missing jury rooms. Currently, we have one spare jury room connected to courtroom 3G and the remaining Associate Courts do not have a dedicated jury room.
