The parties hereto acknowledge that venue is proper in Fort Bend County, Texas, for all legal actions or proceedings arising out of or relating to this Agreement and waive the right to sue or be sued elsewhere. Nothing in the Agreement shall be construed to waive the County's sovereign immunity. County does not agree to submit disputes arising out of the Agreement to binding arbitration. Therefore, any references to binding arbitration or the waiver of a right to litigate a dispute are hereby deleted. County does not agree to pay any and/or all attorney fees incurred by TRIEDATA in any way associated with the Agreement.

21. Termination.

21.1. Termination for Convenience. County may terminate this Agreement at any time upon thirty (30) days written notice.

- 21.2. Termination for Default. County may terminate the whole or any part of this Agreement for cause in the following circumstances:
- (a). If TRIEDATA fails to timely perform Services pursuant to this Agreement or any extension thereof granted by the County in writing;
 - (b). If TRIEDATA materially breaches any of the covenants or terms and conditions set forth in this Agreement or fails to perform any of the other provisions of this Agreement or so fails to make progress as to endanger performance of this Agreement in accordance with its terms, and in any of these circumstances does not cure such breach or failure to County's reasonable satisfaction within a period of ten (10) calendar days after receipt of notice from County specifying such breach or failure.
- 21.3. If, after termination, it is determined for any reason whatsoever that TRIEDATA was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the County in accordance with § 21.1 above.
- 21.4. Upon termination of this Agreement, County shall compensate TRIEDATA in accordance with § 4, above, for those Services which were provided under this Agreement prior to its termination and which have not been previously invoiced to County. TRIEDATA's final invoice for said Services will be presented to and paid by County in the same manner set forth in § 4 above.
- 21.5. If County terminates this Agreement as provided in this Section, no fees of any type, other than fees due and payable at the Termination Date, shall thereafter be paid to TRIEDATA.
- 21.6. Upon termination of this Agreement for any reason, if TRIEDATA has any property in its possession belonging to County, TRIEDATA will account for the same, and dispose of it in the manner the County directs.
22. **Independent Contractor.** In the performance of work or services hereunder, TRIEDATA shall be deemed an independent contractor, and any of its agents, employees, officers, or volunteers performing work required hereunder shall be deemed solely as employees of TRIEDATA or, where permitted, of its subcontractors. TRIEDATA and its agents, employees, officers, or volunteers shall not, by performing work pursuant to this Agreement, be deemed to be employees, agents, or servants of County and shall not be entitled to any of the privileges or benefits of County employment.
23. **Publicity.** Contact with citizens of Fort Bend County, media outlets, or governmental agencies shall be the sole responsibility of County. Under no circumstances whatsoever, shall TRIEDATA release any material or information developed or received in the performance of the Services hereunder without the express written permission of County, except where required to do so by law.

24. **Further Assurances.** Each party further agrees that it shall take any and all necessary steps and sign and execute any and all necessary documents or agreements required to implement the terms of the Agreement of the parties contained in this contract, and each party agrees to refrain from taking any action, either expressly or impliedly, which would have the effect to prohibiting or hindering the performance of the other party to this Agreement.
25. **Severability.** If any provision of this Agreement is determined to be invalid, illegal, or unenforceable, the remaining provisions remain in full force, if the essential terms and conditions of this Agreement for each party remain valid, binding, and enforceable.
26. **Dispute Resolution.**
- 26.1. The parties shall attempt in good faith to resolve promptly any dispute arising out of or relating to this Agreement by negotiation between the parties. In the event the dispute cannot be settled through negotiation, the parties agree to submit the dispute to non-binding mediation.
- 26.2. The party requesting mediation shall notify the other party in writing of the dispute desired to be mediated. If the parties are unable to resolve their differences within ten (10) days of the receipt of such notice, such dispute shall be submitted for mediation.
- 26.3. Each party shall be responsible for its own costs associated with the mediation.
- 26.4. The requirement to seek mediation shall be a condition required before filing an action at law or in equity, unless to do so would prevent either party from seeking relief in a court of law or equity under any applicable statute of limitations.
- 26.5. TRIEDATA acknowledges that County is subject to the requirements of the Texas Open Meetings Act, TEX. GOV'T CODE ANN. §§ 551.001 *et seq.*, as amended, and notwithstanding any provision in the Agreement to the contrary, the County will comply with the provisions of the Open Meetings Act.

- (A). TRIEDATA will adhere to the restricted and monitored channels that are provided by the County, or other technologies approved in advance in writing by the County's Director of Information Technology and Chief Information Officer.

- (B). TRIEDATA will neither implement nor deploy a remote access solution which bypasses and/or is designed to bypass County provided or approved controls. TRIEDATA will not access County Systems via unauthorized methods.

- (D). Remote access is restricted only to County Systems necessary for TRIEDATA to conduct their services and/or provide Services to County pursuant to this Agreement.
- (E). TRIEDATA will allow only its Workforce approved in advance by County to access County Systems. TRIEDATA will promptly notify County whenever an individual member of TRIEDATA's Workforce who has access to County Systems leaves its employ or no longer requires access to County Systems. TRIEDATA will keep a log of access when its Workforce remotely accesses County Systems. TRIEDATA will supply County with evidence of access logs concerning remote access to County Systems upon written request from County. Such access logs will be provided to County, within three business days from the date of County's request. These requests may be used to confirm compliance with these terms and/or to investigate a security incident.
- (F). If any member(s) of TRIEDATA's Workforce is provided with remote access to County Systems, then TRIEDATA's Workforce will not remotely log-in to County Systems from a public internet access device (e.g., airport computer terminal, or Internet café). This is due to the possibility of sensitive information being monitored by video or computer surveillance in public areas.
- (G). Failure of TRIEDATA to comply with this Section may result in TRIEDATA and/or TRIEDATA's Workforce losing remote access to County Systems. County reserves the right at any time to disable remote access to protect County Systems.
- (H). For purposes of this Section, "Workforce" means employees, agents, subcontractors (where permitted), and/or other persons whose conduct, in the performance of work for TRIEDATA, is under the direct control of TRIEDATA, whether or not they are paid by TRIEDATA and who have direct or incidental access to County Systems.

6. Provide a mechanism for Customer to verify the electronic document.

SCOPE OF WORK

The CLERK-E-CERTIFY System shall include a digital document processing module capable of generating tamper proof documents in PDF format, with a digital signature embedded to verify the authenticity and authorship of the Custodian of the record. Components of the system will be hosted within Company's cloud servers and also within Customer's computing hardware as necessary.

The Clerk E-Certify System shall offer four major features namely (i) "Web service" to access Customer's data repository for retrieving digital images, and (ii) "Automated certification service" to affix a digital signature as a proof of the authenticity and authorship of the document; and (iii) "Automated email generation service" to send documents to end users utilizing Customer provided email server; and (iv) "Real-time Verification service" to verify the author and authenticity of the document.

The system shall record information regarding all electronic requests to Customers database for future audit purposes.

DELIVER TAMPER PROOF DOCUMENTS

The System shall have ability to deliver tamper proof documents with following features:

- Online users can download the certified copy.
- System shall automatically email newly created documents to end users using the email address supplied by the end user, as well as utilizing Customer provided email server.
