Michelle Turner, First Assistant County Attorney

*County Clerk's Note:*

*Commissioner McCoy noted if anything we have learned over the last few months is what is possible when you have the power. It is disheartening we are wasting taxpayer dollars on this action that there is a process for, and we received an opinion from the AG which is the standard course of action. Furthermore, he thinks this opinion overturns previous precedents from the AG's office as well as case law that has been presented to this court.*

*Commissioner Meyers stated the only reason we went through this is that we had an opinion from the County Attorney's office which many of us knew was incorrect and, as it turned out, it was incorrect. We did not know when the AG opinion was going to be released, and we had outstanding bills we needed to pay, so we needed some clarification as to what we needed to do.*

*Michelle Turner, First Assistant County Attorney, stated we believe the interpretation we put forward. We also respect the law, and we understand it doesn't always come out the way you predict.*
