Section 408.06 (page 47-B) correctly states the replacement cost of $15.00 for employees. Therefore, the policy should be consistent with regard to the cost to replace ID badges.

Re: Variance Request
Winfield Lakes Section 3 & 5

Dear Commissioner Prestage:

LJA Engineering & Surveying, on behalf of Pulte Homes of Texas, L.P (Pulte) is hereby requesting a variance from Ft Bend County Regulations of Subdivisions on the proposed plats of Winfield Lakes Section 3 and Section 5 In general, Pulte is requesting a variance from Section 5, subsection 5 14 "Lots-General Provisions", (E), (4), requiring that all lots served by sanitary sewer be a minimum of 5,000 square feet.

Pulte's purpose in developing Winfield Lakes is to provide quality housing for citizens of Fort Bend County. The Winfield Lakes Development is planned to be platted in several sections with various lot sizes. In each section, a particular type of product is planned for development In Sections 3 and 5 of Winfield Lakes, Pulte is attempting to provide more affordable housing to Fort Bend County If approved, the resulting overall development will provide a quality development that appeals to a wide spectrum of citizens and homeowners.

As proposed, Winfield Lakes Sections 3 and 5 incorporate lots slightly less than the required 5,000 square feet The average lot size in Section 3 is approximately 4,655 square feet. Section 5 only has 3 lots in less than 5,000 square feet and has an overall average lot size of 6,443. It should also be noted that Section 2 has an average lot size of 5,943 square feet and Section 4 has an average lot size of 7,195 square feet

The proposed development of Winfield Lakes is located within the Extra-Territorial Jurisdiction of the City of Houston Therefore, the proposed subdivisions must be submitted to and approved by the City of Houston Planning Commission.

As per the City of Houston's platting regulations, lots less than 5,000 square feet are acceptable if compensating open space is provided The proposed plats have incorporated the required amount of compensating open space as per City requirements. The Section 3 and Section 5 plats incorporated in this variance request have been previously been submitted to and approved by the City of Houston in their present form. As such, the proposed plats and overall general plan are in compliance with the requirements of the City of Houston

Although the proposed plats have met the City of Houston's requirements, the plats must also gain approval by the Fort Bend County Commissioner's Court. As aforementioned, Section 5, subsection 5 14 (E), (4) of Fort Bend County Regulations of Subdivisions, requires that all lots served by sanitary sewer be a minimum of 5,000 square feet

Although all lots in the proposed plats of Winfield Lakes Section 3 and 5 do not meet the County's requirements of a minimum of 5,000 square feet, the general intent of the County's regulations is being followed Consequently, the development of Section 3 and 5 in their present form would not be detrimental to the public safety or welfare, or injurious to other property in the area As previously mentioned, Sections 3 & 5 are attempting to provide more affordable housing Generally, providing housing stock for varying sectors of the housing market is considered to help the general welfare of the community Furthermore, as part of the City Houston's requirements and approvals, compensating open space has been provided in the Winfield Lakes Development in an effort to off-set any impact smaller lots would have on the community.

Granting of a variance by the Court would neither prevent the orderly subdivision of land in the area nor would it prohibit adjacent development from meeting provisions of Fort Bend County regulations. Being that the areas effected by this variance request are part of a larger development, these sections are coordinated and integrated with the adjacent sections. Furthermore, the adjacent parts of Winfield Lakes Development are in compliance with County regulations Granting of the variance would not affect any other properties outside the parameters of Winfield Lakes.

In summary, Pulte is requesting a variance from the County's minimum requirement of 5,000 square-foot lots on the basis of the following aspects. First, the plat is within the City of Houston's ETJ and gained the City's approval. As such, the plats provided compensating open space resulting in an amenity to the community, not a detriment to the welfare of the community Secondly, the proposed plats are in general accordance with and follow the general intent of the County's regulations. Granting of the variance would not have an adverse affect on adjacent properties. The proposed plats affected by this request are part of a larger development and are integrated with the adjacent areas. Finally, the request for variance is an attempt to provide affordable housing to the citizens of Fort Bend County

We thank you for your consideration and cooperation in this matter. If you have any questions, comments or concerns regarding this request, please do not hesitate to contact us. Thanks again.

Sincerely,

Steve D Tinnin
Platting Manager
